Legal Authority

[Section 320.015](#), Florida Statutes, provides that mobile homes regardless of use shall be subject only to a license tax unless classed and taxed as real property.

[Section 193.075\(3\)](#), Florida Statutes, states that a recreational vehicle shall be taxed as real property if the owner of the recreational vehicle is also the owner of the land on which the vehicle is permanently affixed.

[Section 193.075\(4\)](#), Florida Statutes, states that a recreational vehicle that is not taxed as real property must have a current license plate properly affixed as provided in section 320.08(9), Florida Statutes.

[Section 320.08\(11\)](#), Florida Statutes, prescribes the license taxes to be assessed.

[Section 320.08015](#), Florida Statutes, provides for a license tax surcharge in the amount of \$1 to be deposited in the Florida Mobile Home Relocation Trust Fund.

[Section 320.081](#), Florida Statutes, provides for the distribution of those taxes.

[Section 320.0815](#), Florida Statutes, provides for recreational vehicle-type units such as travel trailers and park trailers, which are permanently affixed to the land to be registered as mobile homes and issued a mobile home sticker.

[Section 513.01\(9\)](#), Florida Statutes, refers to recreational vehicles placed in recreational vehicle parks, related to the period of time the recreational vehicle is occupied as living quarters during each year and not to the period of time it is located in the recreational vehicle park. During the time the recreational vehicle is not occupied as temporary or seasonal quarters, it may be stored and tied down on the recreational vehicle site. The affixing of a recreational vehicle to the ground by way of tie-downs or other removable fasteners, and the attachment of carports, porches, screen rooms and similar appurtenances by way of removable attaching devices does not render the recreational vehicle a permanent part of a recreational vehicle site.

[Section 320.0609\(6\)](#), Florida Statutes, states: "Upon a sale, trade, transfer, or other disposition of a mobile home, the owner shall remove the sticker therefrom and may exchange it for another sticker to be applied to a replacement mobile home. Such exchange shall be without cost to the owner. No credit will be given toward the purchase of a license plate for any other type of vehicle. The department shall ensure that there is adequate internal control of mobile home stickers that have been removed for exchange or refund."

[Section 553.382](#), Florida Statutes, states: "In order to expand the availability of affordable housing in this state, any residential manufactured building may be placed on a mobile home lot in a mobile home park, recreational vehicle park, mobile home condominium, cooperative or subdivision. However, a housing unit may not be placed on a mobile home lot without the prior written approval of the park owner. Each housing unit shall be taxed as a mobile home and is subject to payments to the Florida Mobile Home Relocation Fund."

Description And Use

This procedure provides information and instructions to assist employees of the Tax Collector, License Plate Agents, and The Florida Department Of Highway Safety And Motor Vehicles (FLHSMV) in the issuance of mobile home registrations.

As of July 01, 2023, FLHSMV has updated the Form HSMV 82040 Application for Certificate of Title With/Without Registration. HSMV 82040 has been updated into three separate forms:

- HSMV 82040 MV – Application for Certificate of Motor Vehicle Title - [HSMV 82040 MV](#)

HSMV 82040 MV should be used when processing applications for certificate of title for the following vehicle types:

- AU – Auto
- BS – Bus
- MC – Motorcycle
- OH – Off-Highway
- TO – Tools
- TR – Truck
- TT – Travel Trailers
- VT – Vehicle Trailers

- HSMV 82040 VS – Application for Certificate of Vessel Title – [HSMV 82040 VS](#)

HSMV 82040 VS should be used when processing applications for certificate of title for the following vehicle type: VS – Vessel

- HSMV 82040 MH – Application for Certificate of Mobile Home – [HSMV 82040 MH](#)

HSMV 82040 MH should be used when processing applications for certificate of title for the following vehicle type: MH – Mobile Home

Effective July 01, 2023, all certificate of Florida titles issued for Vessels will be required to be processed using Form HSMV 82040 VS – Application for Certificate of Vessel Title. The signed Form HSMV 82041 will no longer be accepted in lieu of Form HSMV 82040 VS.

FLHSMV anticipates accepting the current HSMV 82040 – Application for Certificate of Title With/Without Registration for Motor Vehicles and Mobile Homes until December 31, 2023.

Effective January 01, 2024, all certificate of Florida titles issued for Motor Vehicles and Mobile Homes will be required to be processed using Forms HSMV 82040 MV – Application for Certificate of Motor Vehicle Title and HSMV 82040 MH – Application for Certificate of Mobile Home Title.

General Information

- A. Mobile homes, including those owned by nonresidents located in Florida, continuously occupied or not, are subject to Florida registration.
- B. Effective 10/01/15, residential manufactured buildings (modular homes) will be titled and registered as a mobile home when they are placed on a mobile home lot in a mobile home park, recreational vehicle park, mobile home condominium, cooperative, or subdivision. This does not apply to modular homes registered as “registration only” prior to 10/01/15.
- C. The registration period for mobile homes is January 1 through December 31. The renewal period is the 31-day period prior to the expiration. Therefore, the annual expiration date is December 31.
- D. The annual registration tax is due on any mobile home, regardless of its actual use.
Exceptions:
 - In the case of repossession, the lienholder is not required to register the mobile home as long as the mobile home remains unoccupied. Unoccupied is defined as not lived in or hooked up to utilities.
 - When the Florida title has been retired. See [TL-39](#).
- E. No application for a Florida Certificate of Title may be processed without the issuance of a current mobile home sticker, unless the mobile home has been repossessed and remains unoccupied.
- F. Upon payment of the registration tax, the owner is issued a mobile home registration sticker. The sticker serves as evidence of payment of registration taxes. The sticker is to be displayed in the lower left corner of the window of the mobile home that is closest to the street or road and provides access to the mobile home.

- G. When a mobile home registration is issued, the registration year sticker is always provided and placed on a “Mobile Home/Vessel Decal” sticker, which is affixed to the mobile home. When stickers are issued for a multiple section mobile home, the issuing agency has the option to place all of the registration stickers on a single “Mobile Home/Vessel Decal” in lieu of placing each registration sticker on a single mobile home decal sticker. See Exhibit C for an example.
- H. Upon payment of the registration tax, an additional \$1 license tax surcharge is to be collected and deposited in the Florida Mobile Home Relocation Trust Fund, for any residential tenancy in which a mobile home is placed upon a rented or leased lot in a mobile home park in which 10 or more lots are offered for rent or lease.
- I. Mobile home location codes are required on every mobile home registration certificate. The customer must furnish the tax collector with the physical location of the mobile home and indicate whether it is inside or outside a city. See Exhibit A for a listing of location codes.
- J. When determining the gross vehicle weight for a truck or truck tractor pulling a mobile home, use the length of the mobile home times 430 pounds plus the net weight of the vehicle.
- K. Original real property stickers must be purchased in the county where the mobile home is physically located.
- L. On multiple section mobile homes, record the complete amount of sales tax collected for the whole purchase price on the “A” section. On the remaining section(s) of the home, state in the “Comment Desc.” field, “Sales tax collected on side “A” with title number XXXXXXXX.” If the transaction is through a dealer, the total sales tax collected should be entered on the “A” section application, “Dealer Sales Tax Report” and reassignment. On the remaining section(s), use the Sales Tax Exemption Certification; “Other” and indicate the title number where sales tax was collected.
- M. Mobile homes which have a lienholder are eligible for continued renewals in a deceased individual’s name.

Mobile Homes Permanently Affixed To The Land, But Not Assessed As Real Property

A. REGULAR MOBILE HOME STICKER REQUIRED:

A regular mobile home sticker must be issued for all mobile homes not assessed as real property.

When a travel trailer or park trailer is originally registered, a license plate must be issued if the travel trailer or park trailer is to be transported from one location to another. However, if the recreational vehicle-type unit is permanently affixed to the land; but not assessed as real property, a regular mobile home sticker must be issued to the unit. In order for motor vehicle issuance system to issue a regular mobile home sticker instead of a license plate, choose "title correction" and change the "vehicle type" from "TT" to "MH" and leave the body type the same (i.e., TV, PT). Do not print a title, as the current title would be correct as is.

B. FEES:

Refer to the [Registration Fees and Flat Taxes Distribution Chart for applicable fees](#).

Registration taxes are in lieu of ad valorem taxes.

motor vehicle issuance system will allow you to remove or change (if applicable) the back tax months on a mobile home renewal if the mobile home's location code is in the county where the renewal is processed.

C. REPLACEMENT OF MOBILE HOME STICKERS:

Applications for replacement stickers may be processed by any county license plate agency.

The following is required:

1. Form [HSMV 83146](#), Application for Replacement License Plate, Validation Decal or Parking Permit, accurately completed.
2. A copy of the vehicle registration certificate.
Refer to Procedure [RS-06](#) for additional information and fees.
3. When a customer reports a sticker as stolen to a law enforcement agency and attests that the sticker has been reported as stolen on form [HSMV 83146](#), no fee should be charged for the replacement sticker.

D. TRANSFER OF MOBILE HOME STICKERS:

1. Mobile home stickers cannot be transferred from one owner to another.

Upon sale, trade, transfer or other disposition of a mobile home, the owner must remove the sticker and may exchange it for another sticker to be applied to a "replacement" mobile home. This exchange does not require the replacement fee, even if the replacement mobile home is greater in length than the prior mobile home. Process as a registration correction and issue a replacement sticker for the replacement mobile home. No credit will be given toward the purchase of a license plate for any other type of vehicle.

If the prior mobile home was a single-wide and the replacement mobile home has multiple sections, the replacement fee would not be required for one of the section(s) of the mobile home. However, the additional section(s) must be processed as an original(s) and a regular mobile home sticker(s) would be issued.

2. When "deleting" or "adding" a name to an existing (non-replacement) mobile home title, process the title as a transfer. The system will ask the question, "Do you want to keep any of the current owners?" Answer, Yes. You will be allowed to choose which owner you are keeping. You may also add an additional owner, if applicable. It will ask "Would you like to create a registration?" You must choose "No Reg," and complete the title transaction. Fees are required for the new title.

You must now proceed to "Registration" and choose "Transfer Vessel/Vehicle Reg Owners." In this transaction, you will need to choose "mobile home" for the "decal type" and will need to enter the existing sticker number along with the year of the sticker. This will allow the system to transfer the sticker to the new name(s) without physically issuing a new sticker. Motor vehicle issuance system will apply credit for the sticker, as it is current. Since a new sticker will not be printed, only registration transfer fees will apply. When adding or deleting a name to the new title, one of the prior owners must remain on the title to qualify for "non-replacement" of the mobile home sticker. Examples: Jane or John Doe (Jane is being deleted, but John will remain on the title.) John Doe

(John will be adding Jane to his title.)

Mobile Homes Permanently Affixed To The Land And Assessed As Real Property

A. DEFINITION:

A mobile home or recreational vehicle-type unit is to be considered real property only when the owner of the mobile home or recreational vehicle-type unit is also the owner of the land on which the mobile home or recreational vehicle-type unit is situated. The mobile home or recreational vehicle-type unit must be tied down and hooked up to the normal and usual utilities.

B. PERMANENT "RP" STICKER REQUIRED:

When the above definition applies to a mobile home or recreational vehicle-type unit, a real property or "RP" sticker is required. The property appraiser must provide the owner with a certificate stating the mobile home or recreational vehicle-type unit has been appraised as being real property of the registered owner. The certificate must be submitted to the county license plate agency where the mobile home or recreational vehicle-type unit is physically located.

When a recreational vehicle-type unit (travel trailer or park trailer) is permanently affixed to the land, an RP sticker must be issued to the unit. In order for motor vehicle issuance system to issue an RP sticker instead of a license plate, choose "title correction" and change the "vehicle type" from "TT" to "MH" and leave the body type the same (i. e., TV, PT). Do not print a title, as the current title would be correct as is.

When a mobile home title (real property) is retired, the RP sticker for that mobile home also becomes "retired." However, the sticker should remain physically affixed to the mobile home. See [TL-39](#).

C. FEES:

[Registration Fees and Flat Taxes Distribution Chart for applicable fees](#).

D. REPLACEMENT OF "RP" STICKERS:

Replacement mobile home stickers may be issued through any county license plate agency by submitting the following:

1. Form [HSMV 83146](#), Application For Replacement License Plate, Decal or Parking Permit, accurately completed. Form [HSMV 83146](#) is maintained in the issuing office or county for a minimum of one year.
2. Copy of the current registration.

3. Fees: Refer to [Registration Fees and Flat Taxes Distribution Chart for applicable fees.](#)

E. TRANSFER OF "RP" STICKERS:

1. Only in the following situations may "RP" stickers be transferred:
 - a. When the mobile home and land are sold together as realty.
 - b. In cases where the title is being transferred and a sale is not involved. Examples: Transfer from one spouse to joint ownership of a married couple, transfer upon the death of one of the owners, or transfer under divorce decree.
2. Fees: [Registration Fees and Flat Taxes Distribution Chart for applicable fees.](#)
3. Transfer is not allowed in the following situations when the mobile home is:
 - a. Sold separately from the land on which it is located.
 - b. When it is moved to a location other than the address shown on the registration certificate.
 - c. When it has been destroyed or replaced. The "RP" sticker must be removed and surrendered to the county license plate agency for cancellation.

Multiple Section Mobile Homes

- A. So that appropriate ownership, lien interest and mobile home sticker records may be maintained, each section must be titled as a separate vehicle. This will require all new sections to be transferred by the manufacturer to the dealer on separate Manufacturer's Certificates of Origin (MCO) and the purchaser must complete a form HSMV 82040, Application for Certificate of Title with/without Vehicle Registration.
- B. Proper identification will require each section to be assigned a separate serial number by the manufacturer and affixed to the mobile home.

C. Mobile homes and multiple section mobile homes are subject to a Florida Certificate of Title and a mobile home sticker for each unit. Each section of the home may be 35 feet or more in body length and 8 feet or more in body width.

D. Florida sales tax or specify the sales tax information on an accurately completed form HSMV 82040, Application for Certificate of Title with/without Registration.

On multiple section mobile homes, enter the complete amount of sales tax collected for the whole purchase price on the “A” section. On the remaining sections of the mobile home, state in the “Comment Desc.” field “Sales tax collected on Side “A” title number “XXXXXXX.” If the transaction is through a dealer, the total sales tax collected should be entered on the “A” section application, “Dealer Sales Tax Report” and reassignment. On the remaining sections, use the Sales Tax Exemption Certification, “Other” area to indicate title number where sales tax was collected.

Any factory built housing issued and bearing a Department of Housing and Urban Development (HUD) seal certifying that it has been built in accordance with HUD building codes is classified as a mobile home and will be titled and registered.

HUD labels are riveted to the outside rear of the manufactured home and are red and silver in color. An example of a HUD Label is shown in Exhibit B.

Residential Manufactured Building (Modular Home)

A. REGULAR MOBILE HOME STICKER REQUIRED:

A residential manufactured building, commonly known as a modular home, is built in compliance with the Florida Building Code and meets the approval of the Department of Community Affairs (DCA). Modular homes are not moved on wheels of their own and are constructed on site by fitting the units together.

The manufacturer places the DCA seal in the electric Panel box of the building or near the front door, which verifies the unit is built to DCA codes. An example of a DCA label is shown in Exhibit B.

Effective 10/01/15, modular homes placed on a mobile home lot in a mobile home park, recreational vehicle park, mobile home condominium, cooperative or subdivision are required to be titled and registered. The change does not apply to modular homes registered as registration only prior to 10/01/15; however, the owner may request to have the existing home titled and registered.

The modular home is considered one unit; therefore one title and one mobile home sticker is issued.

The serial number assigned to the DCA seal will be the vehicle identification number used to title the modular home, even if the Manufacturers Certificate of Origin (MCO) contains a vehicle identification number. The body code of “MD” modular home will be used. Only one MCO should be issued for a modular home; however, if more than one certificate is received, you must surrender all of the certificates with the title documentation. An “RP” sticker cannot be issued to a modular home.

B. FEES:

Refer to the [Registration Fees and Flat Taxes Distribution Chart for applicable fees.](#)

Registration taxes are in lieu of ad valorem taxes.

Motor vehicle issuance system will allow you to remove or change (if applicable) the back tax months on a modular home renewal only if the home’s location code is in the county where the renewal is processed.

Tangible Personal Property Taxes

A mobile homeowner is required to pay tangible personal property taxes to the tax collector when a mobile home or real property sticker is not displayed. In no case will a mobile homeowner be required to pay more than one of these taxes in a given year.
